

We Are The Children Of Tomorrow

VERSE 1:

Together we can make a difference
Together we can make a start
So put your hand in my hand
This song comes straight from the heart

Nothing can stand between us
United we are strong
With you my friend beside me
I know where I belong

CHORUS:

We are the children of tomorrow
It's all up to us to find a better way
We are the children of tomorrow
We won't let a thing stand in our way

VERSE 2:

We can change the land together
We'll make the world a better place
With peace and love forever
Friendship will lead the way

We'll teach the next generation
We believe we can
Join in our celebration
The future is in our hands

CHORUS:

We are the children of tomorrow
It's all up to us to find a better way
We are the children of tomorrow
We won't let a thing stand in our way
We won't let a thing stand in our way
We won't let a thing stand in our way
